

# Dashboard mail graph seems incorrect after upgrade to release 3.0.1.0

## **PROBLEM**

The Last Week spam statistics graph displayed on home page reports an increasing number of values after upgrading to release 3.0.1.0.

## **SOLUTION**

For those that are experiencing this problem, please download relevant patch from <http://esva.libra.it/it/download/libra-esva-antispam/patches-and-fixes/libra-esva-3-0-1-0-patch>
